Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 04 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Turning colder and windier.

This Evening and Tonight:
Bands of cloud and rain move southwards across the UK, reaching southern England late in the night. Clear spells follow, along with colder and windier weather. Wintry showers also following into northern and far eastern UK.

Monday:
Dry with sunny periods for many whilst snow showers affect northern Scotland and Northern Ireland. A few showers also catch coastal parts of England and Wales. Cold and windy.

Outlook for Tuesday to Thursday:
Very cold and windy with further wintry showers on Tuesday, easing through Wednesday but remaining cold. Less cold through Thursday, but with rain and strong winds returning to the north.
